- **JUNIOR BONSPIEL - FEBRUARY 27, 2021**

Due to Covid-19 we are making a few changes to provide a safe and healthy environment for all our participants, coaches and staff. Curling is a sport that can still be enjoyed with physical distancing in the ice area, therefore we will not have to form a curling cohort. This will allow curlers to partake in other activities – if allowed by those associations. Measures will be taken on the ice to allow distancing and coaches will wear masks if they cannot maintain the distancing requirements. Please stay 6 rocks apart! We ask that only one parent or supervisor stay to spectate. Our main floor and lounge viewing areas have been set up according to AHS guidelines. Tables are arranged with four chairs and are spaced at two meters. **No non-participating siblings in facility unless they are seated at a table with only their family cohort.** Please arrive 10 minutes before and sanitize coming in the door, before and after entering the ice area. Parents that enter the building and will be staying longer than 15 minutes will have to sign a waiver or contact sheet. We are still working out the details. Once the participants have turned in their forms we will do a roll call every week to make sure no information has changed. Bring your own water and refrain from leaving ice area for bathroom breaks. If you or your children exhibit any Covid-19 symptoms, please stay home. We anticipate absences.

Curling Equipment

All curlers must bring a second pair of clean shoes to the rink for curling. Loose fitting clothes, dress warm. Note: Students that do not have clean shoes will not be able to participate.

Mini –Rockers- Please wear helmets to curl.

The MHCC normally provides brooms and sliders for participants. Due to Covid-19 we are trying to encourage purchasing your own equipment. We will have equipment available that will be sanitized after each use. **We ask that parents volunteers to take one shift to help with this task.** Sliders are a little harder to control. There will be no sharing of sliders. These can also be sanitized prior to play but if possible we will be offering purchasing sliders at a discounted price. The plan is to label each participants rocks, broom and slider for each session.
